YOSEMITE HIGH COUNTRY**

Prostate Gathering in the Yosemite High Country **The Second Annual Jan Zlotnick Memorial, August 7-12, 2016**

Thank you for your interest in the Second Annual Jan Zlotnick Memorial Gathering at Tuolumne Meadows in the Yosemite High Country. My name is Ken Malik. I am the founder and executive director of the PAF and this year's group leader. I am also a prostate cancer veteran of twenty one years. Please visit www.prostateawarenessfoundation.org to learn more about the PAF. The foundation is a not for profit 501(c) (3) corporation (#31-1633278). All of the PAF services are provided free of charge and include: regular monthly discussion and support group meetings, a mentor program and a "Sustainable Prostate Blog" that provides regular tips on men's health issues.

There will be space for a maximum of 30 participants. *The Gathering* will include prostate cancer veterans, their family members, and those who want to learn more about prostate health. To best enjoy the more difficult strenuous hikes, one should be in in top physical condition. If you're not in tip top shape consider some of the less aggressive activities, this is a great way to get into shape. Past participants have ranged in age from 15 to 76. As always, women are welcome and encouraged to participate. A prostate friendly menu will be available to all participants. There will be daily discussions on prostate health issues.

We hope you will give serious consideration to taking part in *the Gathering*. **We would like to ask for your commitment by July 1st at the latest.** There is a great deal of interest in this year's gathering so please sign up early to assure your place on the team. We would love to have you join us on this great adventure.

If you have not visited the Yosemite High Country you are in for a treat. The Yosemite High Country is very different than overcrowded Yosemite Valley. Tuolumne Meadows is 8,600' but just as spectacular. *The Gathering* will be a perfect summer get-away to this alpine paradise.

The PAF has had three previous climbing and trekking expeditions in the High Country. This year's gathering will be different. Although there will be opportunities to hike, the gathering is designed to accommodate people of all fitness levels. The Yosemite High Country was one of Jan Zlotnick's favorite places. As you may know, he passed away at the end of 2014 from advanced prostate cancer. Jan was a friend and mentor to so many of us at the PAF. We will be honoring his memory each year with the *Annual Prostate Gathering in the Yosemite High Country*. The week's activities will culminate with a trek to Cloud's Rest where Jan requested some of his ashes be scattered.

The goals of *the Gathering* include: increased awareness about prostate health issues and how to deal with them pro-actively, raise critically needed funds for the PAF's ongoing outreach and education programs and to inspire men and their families dealing with this epidemic affliction with hope.

APPROVAL POLICY:

All potential participants will need to have a telephone interview with Ken Malik, *the Gathering* leader. This will ensure the safety and integrity of *the Gathering*. This interview will also give you an opportunity to ask any questions you may have. If you have participated in a prior PAF expedition the approval process is waived.

EQUIPMENT:

The weather in the High Country can change rapidly. August has historically had some of the best weather conditions, but weather is always unpredictable in the mountains. See the attached equipment list for a concise list of things you will need.

ACCOMMODATIONS:

We will be staying at the Tuolumne Meadows Campground at 8,600'. The camp is close to the Tuolumne River. There are good bathrooms available but no shower facilities. In past years, showers have been available between 2-4pm for \$1.50 at Tuolumne High Sierra Camp across the river from our camp. This may or may not be an option this year. We will also have a Zodi water heating system for the Gathering which will provide hot water for dishes and showers.

Pre and Post Gathering Accommodations in San Francisco: If you are coming in from out of town and would like to stay in San Francisco we suggest the Ocean Park Motel. Please call Mark at the Ocean Park Motel at 415-566-702 and mention the Prostate Awareness Foundation. The Ocean Park Motel is a funky, clean and cool old hotel within walking distance of the ocean and public transportation. The rooms are the most reasonable we have found in San Francisco.

TRANSPORTATION: You can bring your own vehicle or possibly ride share with someone. We will also be renting a large van to transport gear and get everyone around in the High Country.

ITINERARY: You can decide each day between a leisurely day or one filled with more strenuous activities. We will eat a prostate friendly menu, get plenty of exercise and enjoy nature's bounty. Come for the whole week or just for a day or two.

Equipment List

Prostate Gathering in the Yosemite High Country, Second Annual Jan Zlotnick Memorial

Conditions can change rapidly in the mountains. When planning your clothing needs, think about dressing in layers. We will be camping at 8,500' and some of us will reach altitudes as high as 10,000'. The temperatures can change dramatically in the mountains from early morning, through the day and into the evening. In the past we have had evening temperatures as warm as the high 50's but one year we had snow and temperatures in the teens (rare). Expect day time temperatures to be usually in the 70's but we've seen it as high as 95 and as low as 50. Thunderstorms can come in in the afternoons at altitude.

Sleeping Bag - Down or synthetic rated to at least 10 degrees.

Sleeping Bag Liner - Silk. (optional, but cozy)

Hiking boots - High top hiking boots with good ankle support are a must. If you're planning on new boots, get them now and break them in.

Casual boots or shoes - For relaxing around the camp after a long day on the trail.

Head Lamp & extra batteries. A smart way to get around in the dark.

Daypack - Large enough to pack a lunch, 2 liters of water, some clothes for weather changes, snacks and incidentals you need for the day.

Hiking Poles - Optional, but highly recommended for hiking safety and to take stress off the joints.

Long underwear - Poly or wool is the best. Just in case it gets cold in the evening.

Sweaters & or sweat shirts - consider a light and a heavy one.

Water Repellent Wind Breaker - Thunder showers are always an afternoon possibility in the mountains, so are windy conditions, especially in higher elevations.

Wind & Waterproof Pants - Same as above

Parka - **A down jacket with hood is a great asset when the evenings get cool**

Gloves - Keep those fingers warm in the night and early morning.

Socks - The new wool hiking socks are comfortable and user friendly.

Hats - two are suggested. A hat with a brim to shield the sun's rays, also a warm hat for the evening and high altitudes.

Bandana - to save your face from the wind, sun and cold.

Sun Glasses: The sun is very bright at altitude, plan accordingly

Sun Screen - Bring at least a 30 just to be safe

Lip Baum - High altitude sun and wind can be severe

Water Bottles - at least 2 bottles of 1 liter each or a hydration system. If you plan to trek to Clouds Rest, bring three liters.

First Aid Kit - a small one to meet emergency situations. PAF will bring a complete medical kit along.

Camera, memory card & spare battery - (Optional) bring an extra memory card and at least one spare battery pack, they don't last as long at high altitude.

Shoe Laces - an extra pair is optional but can come in handy.

Towels: Consider bringing two. A small, synthetic, quick drying towel is recommended for the trail. A bigger towel for swimming and showering. (There are no shower facilities in the campground, but there are good toilets. We hope to have a hot water system available for dishes and possibly showering.)

Gaiters: Optional but good for keeping scree and gravel out of your boots.

Bathing Suit: There are plenty of opportunities to jump in the river and lakes.

Tent: We will be tent camping. Bring your own tent or you can borrow one of PAF's. We have a couple of extras. Please let Ken know your plan.

Camp Chair: (optional but handy) There are multiple picnic tables at our group site but a comfortable camp chair is a luxury.

Mandatory: Positive attitude, patience and a good sense of humor
