## October Topic: *Prostate Cancer Research Institute Recap*

*The PCRI located in Los Angeles is the premier non-profit when it comes to the latest information on conventional treatment options.* Once again this September the PCRI held their annual symposium. John Bohan, Don Naples and Ken Malik were in attendance on behalf of the PAF along with a number of men from the PAF. We will discuss and recap the meeting which included lectures on Radiation, Prostatitis, Advance Cancer Protocols, Clinical Trials, Sexual Dysfunction after therapy, Pathology Reports and Immunotherapy.

Time will also be available to discuss your personal prostate concerns. Friends, family and loved ones are always welcome.

*Statistics indicate that cancer patients in support group settings live twice as long as those not involved. Come join us for support, information and discussion. For more info, email Ken Malik at [kamalik@prostateawarenessfoundation.org](mailto:kamalik@prostateawarenessfoundation.org) or call him at 415-675-5661.*
