July 9, 2019 7-9pm

Monthly meetings the 2nd Tuesday of each month
657 Acacia Lane, Community Room, Bldg B, 1st Floor
Santa Rosa, CA 95409

California Prostate Cancer Coalition / UCSF Medical Center Conference Recap - June 8, 2019

There are exciting new developments going on in the diagnosis and treatment of prostate cancer that are very promising. Our June meeting will put a focus on a recap of last month's prostate symposium at UCSF Medical Center. A special emphasis will be placed on the latest information on the role of diet and exercise in addressing prostate cancer. As always, time will be available to address your personal questions and concerns. These meetings are a great opportunity to ask questions, share success stories and voice your personal concerns and interests. You do not have to have a prostate to attend. Friends, family and loved ones are always welcome.

Please park on the street,
the parking lot is for tenants!

Statistics indicate that cancer patients in support group settings live twice as long as those not involved. Come join us for support, information and discussion. For more info, email Ken Malik at kamalik@prostateawarenessfoundation.org or call him at 415-675-5661.
