

Prostate Awareness Foundation Discussion and Support Group

San Francisco

Discussion & Support Group Meeting

Monday Night - November 11, 2019, 7-9pm

Monthly meeting - 2nd Monday of each month.

490 Post Street (by Mason Street) 15th Floor Lobby Area

OPEN FORUM

Prostate health issues and how to treat them are probably the most controversial subjects in men's health. What's a man to do? What are the most valid tests or should I even get tested at all? How about treatment options? There are so many choices. What are my best options both conventional and on the alternative side? Are there steps I can take pro-actively to keep from having prostate problems, or to slow the progression of prostate cancer if I have it?

PAF meetings are a great way to learn and to connect with other men and their families dealing with prostate issues. Women are welcome, you do not have a prostate to attend. Time will be available to answer your questions and concerns.

Take the train to the Powell Street Station or park at the Sutter Stockton Garage

Statistics indicate that cancer patients in support group settings live twice as long as those not involved. Come join us for support, information and discussion. For more info, email Ken Malik at kamalik@prostateawarenessfoundation.org or call him at 415-675-5661.
