

Prostate Awareness Foundation
Virtual On-Line Discussion & Support Group Meeting
Wednesday, October 28, 2020
5pm PST, 6pm MST, 7pm CST, 8pm EST

WWW.PROSTATEAWARENESSFOUNDATION.ORG

Our October meeting will put a focus on the use of cannabis for cancer. There is much interest in this subject, but it is hard to separate the marketing hype from the facts and reality. This month's guest lecturer is Jeffrey Hergenrath, MD. He is the past president of the Society of Cannabis Clinicians and a member of the PAF medical advisory board. Dr. Hergenrath will bring us up to date on the latest information on the subject. Whether you are on active surveillance, concerned with recurrence after undergoing a conventional intervention or undecided as to what approach to take to your prostate health let's learn together.

PAF's Zoom virtual on-line meetings are a great way to share and learn from men all over the United States dealing with similar issues.

To best manage the meeting on line and to ensure that all participants will have an opportunity to be heard, we will once again limit this Zoom meeting to 30 participants. **Signups will be on a first come first served basis and you must make a reservation.** Contact Ken Malik at kamalik@prostateawarenessfoundation.org and we will send you the meeting ID number to use to log on. As at all PAF meetings, time will be provided to address your personal concerns and questions. Friends and loved one's are welcome and encouraged to attend.

Statistics indicate that cancer patients in support group settings live twice as long as those not involved. Come join us for support, information and discussion. For more info, email Ken Malik at kamalik@prostateawarenessfoundation.org or call him at 415-675-5661.
