John Bohan will present a PowerPoint on Nitric Oxide. NO is a gas molecule that is created in the human body from ingested ingredients which are acted upon by naturally occurring bacteria. The health benefits like blood circulation, immune enhancement, neurons improvements are truly astounding. The potential for disease eradication in the human body Is enormous via the signaling powers possessed by this molecule.

Open Forum will follow. Open forum meetings are a great way to connect with those with similar concerns, compare notes and learn from each other! We invite you to ask your specific prostate-related questions.

PAF Zoom meetings provide an opportunity to meet and talk with guys from all over the country dealing with prostate issues. Our membership includes men with prostatitis, BPH, early and late-stage prostate cancer as well men with a family history of cancer wanting to avoid problems in later life. Friends, family and loved ones are always welcome.
